

# ***Home Shelter-Kit***

This kit includes materials, tools and supplies for your home shelter (High or Low). If possible separate these items from the things used daily in the home or business. Rotate food & water stocks twice a year. Everything in the home is available in an emergency, when sheltering at home. The supplies below provide for things not normally kept at home but are needed when there is a loss of essential services.

## ***Home Shelter-Kit Supplies:***

- Duct tape (3 to 4 rolls)
- Thick plastic (2 rolls) (Use thick plastic painters drop cloths)
- Toilet paper
